## SPOUTING ROCK LETTERS.

Correspondence of The N. Y. Tribune.

STOUTING ROCK, Aug. 10, 1862. Will the negroes leave their masters ?

I see that The Herald of your city thinks it a by a cannon ball. Mintary Agent of Pennsylvania great proof of Gen. Hunter's attraction of the Herical of your city innex in the 107th Regiment—Washington Alive to their mesters.

Spain.

It was rumored at that Prince Murat is intended for King of Moxico.

The Durin and Live a companied by his their invincible attachment of the 107th Regiment—Washington Alive to their mesters.

were better for them to crush shackles. God grant that we may now see the whole truth—see liberty and say it, aye, emancipation of tottering nationality demands at, at.

ANOTHER CONFERENCE WITH THE FRESHENT.

The conference of the President with the colored delegation from the District was had after much meditation. The speeds of the President with the colored population from the District was had after much by the colored population kindly—thankfully. It was a speeds filled with kindness and plain, some the grant and plain, some as it came within reach.

The speeds of the President with the colored population kindly—thankfully. It was a speeds filled with kindness and plain, some the grant and plain, some the grant and plain, some the grant and plain, some to avoid the resultence of the President with the colored population kindly—thankfully. It was a speeds filled with kindness and plain, some as it came within reach.

The conference of the President with the colored population kindly—thankfully. It was a speeds filled with kindness and plain, some to avoid the recurrence of any active and the increase of the president with the colored population kindly—thankfully. It was a speeds filled with kindness and alter a most and savere tileas. Some first and and severe tileas with the colored population from the case, from bed at the medital constitution of the president is received. The collection of the president is received. The collection of the president is received. The collection of the president serving the will have been considered with the colored population kindly—thankfully. It was a speeds filled with kindness and plain, some times the results of the relation of the president o It that it was suggested to them that they could and damage might have been done. Hereafter, the

into their kitchens and told them the war was over and the South victorious, and that many negroes were absolutely sick with grief, so much that they went to bed.

I should say that, among some thirty-five now in the land of freedom, there was a single one who hesitated some time before he left-a man who had for many years been his master's personal attendant and companion, and was much attached to him. -Now, I do not hesitate to say that if in the

neighborhood of Falmonth or Fredericksburg the question had been asked a year ago, Whose slaves wisest counselors of the will be the last to go? universal consent would have pointed to these seemingly happy ones belonging to my father. And that it would have been conceded that if they went no others could be considered se-

You will observe that the Robel newspapers never speak of the escape of slaves. They always say: us, for some unexplained reason.

weeption of 200 more, taken in the same engagement, while the foreigness that they dread the panie with the next 24 hours.

CAPTURE OF A REBEL TRADER ON THE PCTOMAC.

The brig Lesse has brought to the Navy-Yard, and eight passengers, captured on Monday night by the Reliance, while crossing to Maryland. The captain ecknowledges that he has taken several cargoes of merchandise to Virginia. Thus is the contraband trade being effectually broken up.

FRESH TROOPS TARGER.

A short would an approach to prepare for the same engage. The properties of the train and the same engage with the same engage with the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not importing the same point, I venture to give the President a piece of purely military advice. It is not important the same once fully felt. It is rumored the fine the prevented the part of the same point. The English papers of the 7th mit. The English papers of the 7th mit. The tength of the three the prevented to the Ist South Carolina Regiment, and Gov. Sprague send visit Cologne on the 29th inst. to meet the several of the free Tells would be awakened in their Alpine snows. We cannot claim their sympathy now. The Irainus know nothing about Unions, nor England and France; but liberty is familiar to all. The please of the Hou. C. P. Johnson to the President, to emancipate by power of proclamation, found a response is the heart of more than one Cabinet officer.

And why not? The South sees forther than we. See how she chuckles at our size in the least of the sees of the se "This force (1.00,000) can be kept in the field as long as the forth may assail us, and it will not interfere with our prooring or sgricultural population. When the present crops regained the South will not again feel any want of feed or man or home. Insubordination among the likek population, upon which the North counted so largely, does not can be upon which the North counted so largely, does not can be upon which the North counted so largely, does not can be upon which the North counted so largely, does not can be upon which the North counted so largely, does not can be upon which the North counted so largely, does not can be upon which the North counted so largely, does not can be upon which the North counted so largely, does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the North counted as largely does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the North counted as a largely does not can be upon the north the north the remove would sevel so presently that the rumor would strike through the Rebel ranks that a million of blacks were slaying men, women, and children; not a word of this would be true, Mr. President, any more than the reports in the Baltimore and Richmord papers that John Brown with a very largely and the proposition. swell so presently that the rumor would strike unchanged.

Garibaldi received the King's proclamation from through the Rebel ranks that a million of blacks were sisying men, women, and children; not a word of this friends. He repelled the entreases of this would be true, Mr. President, any more than the Peptation to regard the proclamation.

The London Times correspondent says that Garibach Brack Chemicher, Aug. 2, off Porton Police, and dotten to H. Becker, & Gracker, Aug. 2, off Porton Police, and dotten to H. H. S. ANABLE, Agent.

Astonishing Surgess Since the war commenced no companies have been recruited

The second Company (Capt. Cooper) is nearly full, and such is the desire expressed by members that opportunities mit be given to their filends to entite tuder the same favorable anothers. A THERD COMPANY WILL BE RAISED.

The members piedge themselves to avoid as far as possible the prominent sources of immerality and discord usually connected with camp life, and when they become soldiers not to forget their obtactions as gentlemen.

HEAR QUARTERS NO 388 BROADWAY.

N. B.—More young men of good roral character will be received in the second company.
